DIGITAL SIGNAGE

Manage a complete internal digital signage communications solution via a single platform using SedaoLive to engage with your staff and visitors via multimedia content distributed to large format display screens, room booking tablets and collaborative panels.

Display welcome messages, company information, marketing collateral, health and safety data, social media, URL driven KPI's and live RSS news feeds across your entire organisation whether a single site or multiple site locations.

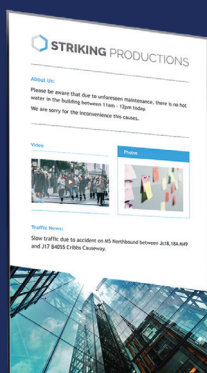

- Send instant announcements and alerts simultaneously to groups or individual screens.
- Delegate editing permissions to multiple staff to enhance content from different departments.
- Ideal to improve staff and visitor engagement, increase productivity through shared information and inclusion.
